When TPO trees are to be felled a site notice is displayed at the site, but no notice is displayed for any other work to a TPO tree.

a) Neighbourhood Plan feedback – The Chairman reported on progress to date, which has slowed due to the holidays but expected further consultations will take place shortly with the expectation of another public meeting in December. The Chairman has also received an offer of help from AECOM, an organisation retained by the government to provide technical support to Neighbourhood Planning efforts free of charge. Their support will be coordinated with the planned continuation of the relationship with Kirkwells.

C/Cllr Mrs Compton reported on the difficulties arising from having to cut the Adult Social care budget by 5 million. The main concern for WCC is the new proposals for a West Midlands Combined Authority (WMCA), with many areas in and around Birmingham expressing their wish to join this proposal. Following a debate Councillors voted by a majority of 10 not to join this scheme feeling it would be more advantageous to create a Coventry and Warwickshire Combined Authority – despite Coventry being committed to joining the WMCA. A cross party working group of councillors has now been established to consider the way forward following this vote.
