

Leek Wootton & Guy's Cliffe Parish Council

Minutes of the Meeting of the Parish Council held on Wednesday, 3 June 2026 at Leek Wootton Village Hall

Present: Councillors Coates (Chairman), Eldridge, Harrold, Kiernan, Kirkwood, Morgan, Smith, D/Cllr Redford, C/Cllr Edwards, 3 members of the public and the Clerk

1.	Apologies D/Cllr Payne
2.	Co-option of a new Parish Councillor Adam Smith was unanimously co-opted to the Parish Council. Cllr Smith signed a Declaration of Acceptance of Office.
3.	Declarations of Interest None
4.	Public Participation - Resident 1 (Yew Trees) intends to replace fence that abuts the Recreation Ground and was asking about ownership/permission to clear grass along the boundary. Cllr Kirkwood explained that it is the War Memorial Recreation Ground Trustee's property and offered to correspond on the matter. Also hedge on boundary abutting the Memorial Arboretum area and would similarly like to discuss ownership/boundary and replacement of holly with another species of hedgerow. ACTION: Cllr Kirkwood to correspond with resident <i>- Resident 1 left the meeting -</i> - Resident 2 (Ivy Cottage) Vehicles have hit and damaged the property, which is Grade II Listed, built 1710. Having not previously had an issue, collisions by HGVs have occurred since 2021 and increased in the last few weeks, including a severe strike on 02/06/2026 which has smashed the fascia board as well as damaging the thatch. A lengthy discussion followed. The Resident is pleased with WCC Highways' proposal to install bollards, understands issues with trying to control traffic, and asked about the proposal to install a 1-way system on Woodcote Lane from North Lodge towards Rouncil Lane – Cllr Kirkwood explained and referred the resident to the Neighbourhood Plan (at https://leekwoottonandguyscliffeparish.gov.uk/wp-content/uploads/2018/02/LWGC-Referendum-NDP-Final-black-140218.pdf, 6.5 Transport, Infrastructure and Communications, page 56). However, there is currently no budget to cover this. The PC has written to WCC Highways, the Police and WDC Conservation Officer to raise awareness and ask what they propose to do in response. D/Cllr Redford has also written to WCC Highways. When questioned about WCC Highways withdrawing its objection on the CALA development, C/Cllr Edwards explained that Highways could not defend its objection at planning, based on the 'modelling' of the junction. There was a discussion about the safety of the junction being about more than the volume of legitimate traffic traveling through the junction, but also the safety of pedestrians and the use of the junction by overweight/size vehicles. The Chair raised the question of gathering data and information about vehicles using the junction. The pros and cons of CCTV and other cameras, such as doorbell cameras were discussed, and legal

implications – this requires taking advice. Commissioning a professional independent analysis of the junction was also discussed.

The PC also noted that the Police are the only ones with authority to challenge HGV drivers and any evidence of incidents should be provided to the Police.

The Chair suggested a meeting with WCC Highways, Police and the community to discuss this matter.

-Resident 2 left the meeting -

- Leek Wootton Focus Group [LWFG] gave an update on:
 - Alleged suppression of data on the Planning Portal. The PC is seeking advice on the requirements for planning portals
 - Complaint that the minutes of the OPCC Community Meeting 2 had not been published, complained about the personnel and topics discussed
 - Complained about the contractor's disregard for the Construction Management Plan [CMP]. Raised concern for future major construction projects in the community
 - Complained about lack of response to LWFG from Councils and Police

The Chair thanked LWFG for providing the information. LWFG offered to discuss all correspondence and matters with the PC at any time.

- LWFG left the meeting –

There was a brief follow up discussion. The PC agrees that the enforcement of the Construction Management Plan does not appear to have been treated appropriately by WDC. The PC has experienced similar problems about receiving answers to questions.

ACTION: Cllr Kirkwood to forward questions to D/Cllr Redford

A discussion took place about the WCC Highways' 'modelling' of the junction. The PC asked what the reception to alternative data would be from WCC Highways.

ACTION: PC to investigate costs of commissioning traffic data

ACTION: PC to look into organising a meeting to discuss safety of The Anchor junction and Woodcote Lane with attention to pedestrian and all safety issues

Cllr Kiernan attended an event at the Sports Club on 31 May and traffic continues to be the primary issue for residents.

Cllr Smith asked when a traffic speed survey had last been undertaken. The PC has never commissioned one itself, but had data from a Police survey some years ago. The PC raised the issue that a traffic survey was requested in Jan-2025, which C/Cllr Redford agreed to fund, but which has never taken place. C/Cllr Edwards stated that there are no outstanding survey requests in the area, but he will follow this up.

A discussion followed about the plan and consultation/discussion. The next opportunity to comment will be to the Inspector and due to the quantity of plans going ahead at the moment, this may be some time.

Cllr Kirkwood asked about the possibility of SG04 developments causing a change in the parish boundary. Parish boundaries are not included in this process, this would be undertaken by the Boundary Commission.

7. **Communications & Engagement Committee**

7.1. Defibrillator Appeal launched on 01/06/2026.

Cllr Kiernan talked about the discussions at the Sports Club BBQ, where traffic was apparently a higher priority than the Defib Appeal. Cllr Morgan noted that we have not got the message across yet.

The Sports Club is supportive and is holding a music evening on 20/06/2026, as is the pub with a donation bucket and a music event on 01/08/2026.

Cllr Kirkwood noted that the Parish Council has powers to carry out fundraising and install defibrillators, whereas traffic measures are not something that a Parish Council has the power to install without working with other parties, e.g. WCC Highways.

D/Cllr Redford asked C/Cllr Edwards whether the WCC Community Grant still exists. C/Cllr Edwards will forward information when it is launched.

ACTION: Clerk to forward WCC Community Grant information when received

Cllr Smith to join Communications & Engagement Committee.

Initial: RC

Cllr Morgan expressed concern about the footpath W179a between the Tink-a-Tank at Holly Corner and the golf course. High roots and requires additional bark. Also the kissing gate at What3Words ref ///dads.bunch.cross where eroded land around fills with water with any rain.
